## Thinking Like a Scientist

By Jennie Munson

I want to think like a scientist  
Observing animals, earth, or sky.  
I want to ask good questions  
Wondering how, and what, and why.

I want to make smart guesses  
Hypothesizing what might happen and when.  
I want to do cool experiments  
Testing my thinking again and again.

I want to write up all my data,  
Recording pictures, charts, or words.  
I want to think through all I've done  
Drawing conclusions about what I've learned.

Wondering, asking, testing, concluding.  
This is what scientists do.  
If you want to think like a scientist  
Then you must do them too!
